

## **About Us**

The International University of East Africa (IUEA) is a private University licensed by the Uganda National Council for Higher Education (NCHE) our multicultural environment consists of a student body and staff who bring on board various experiences and dynamism to the institution.

International University of East Africa is a private for non-profit institution in Uganda, is a chartered University by the Uganda National Council for Higher Education. In September 2022 the International University of East Africa has been approved for grant of a charter by the National Council for Higher Education.

The International University of East Africa (IUEA) is a fully CHARTERED private University in Uganda by the Uganda National Council for Higher Education (NCHE). Our multicultural environment consists of a student body and staff who bring on various experiences and dynamism to the institution.

Address: Plot 1112/1121, Kansanga Ggaba Road, Kampala

Hours: From 8 Am To 4 Pm

Eid al-Fitr (Observed) might affect these hours

Phone: 0705 722300

Founded: 2010

Motto: Learning To Succeed

Students: 3000+ (2016)

Campus: Urban

Chancellor: Amina Mohamed

Vice Chancellor : Prof Emeka Akaezuwa

The aim of this university is : "To Provide an Excellent Education that includes practical experience and skills."

### **What is the history of IUEA?**

- The university was founded in 2010 and began admitting students in July 2011. IUEA is licensed by the Uganda National Council of Higher Education (UNCHE), the government body that licenses institutions of higher learning in the country. The first batch of IUEA students graduated in 2014, numbering just 264.

**International University of East Africa (IUEA)** is a private for non-profit institution in [Uganda](#), is a chartered University by the Uganda National Council for Higher Education (NCHE).<sup>[4]</sup>

In September 2022 the International University of East Africa has been approved for grant of a charter by the National Council for Higher Education (NCHE).<sup>[5]</sup>

A Charter is the highest license an institution of higher learning can attain from the regulators. And the charter can be granted only by the Head of State on the evidence that the university meets the requirements and standards of academic excellence set by the Uganda National Council for Higher Education and the Ministry of Education.<sup>[6][7]</sup>

Furthermore, according to section 103(a) of the Universities and other Tertiary Institutions Act of 2001 as amended; a chartered university means a university that is comparable to a public university.<sup>[8]</sup>

Uganda has more than 60 universities, of which about eight are public universities financed by the government, and about 52 are private universities and other tertiary degree awarding institutions. Of the private universities, only a handful, IUEA among them, have been chartered.<sup>[9][10]</sup>

For any private university, getting a charter means that the institution has sufficiently demonstrated its ability to provide an environment that supports and nurtures quality education. Over the years, IUEA has consistently demonstrated its academic and technological prowess.<sup>[11]</sup>

## Overview<sup>[edit]</sup>

---

International University of East Africa is one of the newest universities in Uganda. Located in [Kansanga](#), off the [Kampala-Ggaba](#) Road, in the southern part of the Kampala Metropolitan Area, the campus measures 20 acres (8.1 ha). Once the campus infrastructure is fully installed, the student body is expected to swell to 10,000. The first Chancellor of IUEA is [Professor Emmanuel Tumusiime-Mutebile](#), the late [Governor](#) of the [Bank of Uganda](#), the national [Central Bank](#) of Uganda. The current Vice Chancellor is Dr. Emeka Akaezuewa.

## Location<sup>[edit]</sup>

---

IUEA has its main campus on a 20 acres (8.1 ha) piece of property at [Kansanga](#), a south-eastern suburb of [Kampala](#), Uganda's [capital](#) and largest city. Kansanga lies approximately 6 kilometres (3.7 mi), by road, southeast of the [central business district](#) of Kampala.<sup>[12]</sup> The coordinates of the university campus are:0°17'05.0"N, 32°36'24.0"E (Latitude:0.284722; Longitude:32.606667).<sup>[13]</sup>

## History<sup>[edit]</sup>

---

The university was founded in 2010 and began admitting students in July 2011.<sup>[14]</sup> IUEA is licensed by the *Uganda National Council of Higher Education* (UNCHE), the government body that licenses institutions of higher learning in the country.<sup>[15]</sup> The first batch of IUEA students graduated in 2014, numbering just 264.<sup>[16]</sup>

## Faculties<sup>[edit]</sup>

---

As of July 2014, IUEA has the following faculties:<sup>[17]</sup>

1. Faculty of Business and Management
2. Faculty of Engineering
3. Faculty of Science and Technology
4. Faculty of Law

Besides the faculties mentioned above IUEA also has a Foundation Studies Department that offers Higher Education Certificate programmes in Arts or Sciences.<sup>[18]</sup> It also has a Centre of Languages and Professional Skills (CLAPS) that offers language and other short courses.<sup>[19]</sup>

## Courses[\[edit\]](#)

---

### Postgraduate Courses<sup>[20]</sup>[\[edit\]](#)

- Masters of Business Administration
- Masters of information Technology

### Undergraduate Degree Courses[\[edit\]](#)

- Bachelor of Law
- Bachelor of Business Administration<sup>[21]</sup>
- Bachelor of Public Administration
- Bachelor of Human Resource Management
- Bachelor of Procurement and Logistics Management
- Bachelor of Tourism & Hospitality Service Management
- Bachelor of Information Technology<sup>[22]</sup>
- Bachelor of Science in Computer Science
- Bachelor of Science in Environmental Science & Management
- Bachelor of Science in Software Engineering
- Bachelor of Science in Electrical Engineering<sup>[23]</sup>
- Bachelor of Science in Civil Engineering
- Bachelor of Science in Petroleum Engineering
- Bachelor of Science in Mobile & Satellite Communication
- Bachelor of Architecture

### Diploma Courses[\[edit\]](#)

- Diploma in Public Administration
- Diploma in Business Administration
- Diploma in Computer Science
- Diploma in Electrical Engineering
- Diploma in Civil Engineering
- Diploma in Architecture

### Foundation Programme[\[edit\]](#)

- Higher Education Certificate in Arts
- Higher Education Certificate in Science

### Centre for Languages & Professional Skills[\[edit\]](#)

- Certificate in English (Beginner/Elementary/Intermediate)

## **FACULTIES**

### **1 Faculty of Business and Management**

In today's highly competitive and rapidly evolving marketplace, maintaining a lead position requires careful crafting and skilled implementation of an enterprise-wide competitive education strategy. Regardless of the challenges in the Business Industry today, the Faculty of Business and Management of the International University of East Africa is deliberately coming into play to produce accomplished graduates in terms of knowledge and skills with ability to recognize opportunities, organize, and implement action plans for professional success. Our programmes provide equip our graduates with the tools to formulate their own professional action plans for sustainable competitive advantage and as a means to address the impending business challenges. The Faculty of Business and Management is one of the FOUR faculties at the International University of East Africa. It offers various programs at postgraduate, undergraduate and diploma levels, at both online and blended modes.

**DR. SYLVIA RITA ATOKO:** Dean, Faculty Of Business & Management PhD Human Resource Management Copperbelt University, Zambia.

The Faculty of Business and Management of IUEA is a hub of excellent business education where students acquire knowledge and also practical skills. The global economy is becoming

more competitive due to advancements in technology and market forces at play. As such, business and technology have become inseparable. Efficiency in all spheres of business is being enabled by the incorporation of technology in most business processes. For instance many businesses are using online strategies for purchase, sales, advertising, marketing, etc.

**Dr Sylvia Rita Atoko** is an Academician, an Administrator and a Training & Research consultant in the area of Human Resource Management. She is currently the Dean of the Faculty of Business and Management at the International University of East Africa, Kampala, Uganda. She also lectures Human Resource Management and Organizational Behaviour courses at the same university. She has over twenty (20) years working experience in both Administration and Academic fields at various Universities in Eastern and Southern Africa. She has vast experience working with different nationalities and diverse cultural backgrounds in academia. Previously, she worked in different administrative positions at various Universities in Eastern and Southern Africa. She was the Head of Human Resource Management Department, School of Business at the University of Lusaka, Zambia for five years, where she Lectured Human Resource Management and Organizational Behaviour courses in the same department. She also co-ordinated the PhD programme at the University of Lusaka, Zambia for one year. She worked as Acting Registrar, Assistant Registrar and Lecturer at the Zambia Catholic University for two years. She also worked as an administrative assistant in the Faculty of Arts and Social Sciences, at the Catholic University of Eastern Africa (Nairobi, Kenya) for 12 years.

She has a PhD in Human Resource Management from Copperbelt University, Kitwe, Zambia, Master of Business Administration degree (Human Resource Management Option) from the Catholic University of Eastern Africa, Nairobi, Kenya, Bachelor of Commerce degree (Human Resource Management Option) from the Catholic University of Eastern Africa, Nairobi, Kenya, Higher Diploma in Human Resources Management from Institute of Human Resources Management, Nairobi, Kenya, and Diploma in Personnel Management from Institute of Human Resources Management, Nairobi, Kenya.

Dr Sylvia Atoko has participated in international academic conferences and published various research papers in the area of human resource management. She enjoys reading management and motivational books, watching the news, exercising and serving the community through the rotary club and church activities.

- **Faculty of Business and Management Programms**

- ❖ **MBA Entry Requirements**

Normally a Bachelor's degree of at least second class, lower division or equivalent from a recognised University. Applicants with lower qualifications must satisfy the relevant department and the Postgraduate Admissions Board that they have acquired academic growth, for instance, by evidence

of research and publications or a relevant Postgraduate Diploma of Second class division. In some departments, a qualifying course followed by examination is given.

#### ❖ **Bachelor's Degree Entry Requirements**

Qualification for admission to the programme will be through any of the following:

1. From the Ugandan and some other East African Education System Essential Economics at UACE and minimum of credit pass in Mathematics at UCE level Relevant Mathematics, History, Geography & Subsidiary Mathematics Others All others
2. From Kenya Must have C+ pass grade and above at KCSE
3. From England Minimum of two GCSE (or equivalent) passes at A-level, minimum C grade
4. International Baccalaureate Minimum of 26 points
5. IGCSE: Minimum average of 60%
5. For diploma holders; A student must have obtained a diploma from a recognized institution of higher learning. The diploma programme curriculum must have contained significant business related content.

#### ❖ **Career Prospects**

Attending the Faculty of Business and Management qualifies one for an array of leadership positions and other advanced roles in private, public and nonprofit organizations. You'll have the option to work across industries as a business analyst, human resources generalist, operations manager or marketing specialist. Some business administration graduates also venture into entrepreneurship, creating their own successful businesses from the ground up.

## **2 Faculty of Science and Technology**

The objective of the faculty of science and technology is to offer courses that are relevant to today's market and technology. My goal is to lead the Faculty of Science and Technology to be the best faculty. Our faculty of science and technology programmes are accredited by National Council for Higher Education (NCHE). Faculty of Science & technology aims to be a forerunner in using ICT to support educational programmes and to enhance the delivery of its specialized curriculum. Our Faculty of science and technology, Motto is "Knowledge", "Skills" and "Innovation" and our achievement is to prepare students with the "Knowledge", "Skills" and "Innovation" to contribute a better society. Dream of our faculty where more African young men and women will lead in science,

technology, engineering and math – a world where they will play a central role in OUR digital future. Everyone should be given its birthright of education not just as a cause of achieving something else but for their own digital future. All young men and women to learn more about the amazing opportunities and careers offered by the ICT sector. Technology developments are creating new opportunities almost every week and even every day. Most of you will be in jobs in the future which do not even exist today. I think as a society we need to do more sensitization and encourage the young men and women by showing that how easy to develop applications and should know that there is a place for them in ICT. It is the future and there is progress in new technologies like Artificial Intelligence, Machine Learning and Robotics etc. ICT sector is a great place to work as a dynamic and expanding sector provide enough opportunities to all of us. “Making it is not just limited to pursuing a degree or diploma, critical thinking and practical skills are also very important.” I wish you every success with your careers and take advantage of and contribute to the success of our digital future!.

**Dr. Lakshmi** is an academic professional in Higher Learning with 20 years of teaching and research experience at both Bachelors and Masters Levels. With keen knowledge in software development and implementation blended with excellent classroom delivery and pedagogy that works. She is currently the Dean of the Faculty of Science and Technology at the International University of East Africa, Kampala, Uganda. She pursued her education in Computer Science right up to a Masters in Computer Science that she completed in 2000. A career as a programmer opened up in India followed by lecturing positions at Shrimati Indira Gandhi College (2001-2007) and Bishop Heber College (2007-October 2009), both affiliated to Bharathidasan University. In December 2009, this passion for Computer Science led to an offer from the Ethiopian Ministry of Education to work as a senior lecturer at Mizan-Tepi University, Ethiopia which she did for a year. Dr. Lakshmi then came to Uganda in December 2010 and worked for Future Technologies (Aptech Computer Education & ISBAT) up to January 2016. However, the lady didn't let this hold her back from pursuing her dreams. She was determined to progress in the Computer Science field and received her PhD in Computer Science from the Bharathidasan University, India. She has also participated in national and international conferences and published a research paper in the area of Data Mining and was published research paper in IEEE journal. She always like the challenge of trying something new and love attempting to do whatever needs to be done, even though it may be outside of her field. Dr. Lakshmi is committed to seeing more women rise up and take more places at the table when it comes to ICT. “Girls should know that there is a place for them in ICT. It is the future and there is progress in new technologies like Artificial Intelligence and Robotics. Dr. Lakshmi is an academic professional in Higher Learning with 20 years of teaching and research experience at both Bachelors and Masters Levels. With keen knowledge in software development and implementation blended with excellent classroom delivery and pedagogy that works. She is currently the Dean of the Faculty of Science and Technology at the International University of East Africa, Kampala, Uganda.

### **3 FACULTY OF ENGINEERING**

**PROF. DR. JOSÉ MANUEL PAGÉS MADRIGAL (PHD)**

**Dean, Faculty of Engineering**

Dean's Message Engineers are called to become important actors in the social and economic progress of the region. Their roles are essential for development. Today these roles are impregnated by sustainability and compatibility with the environment. They are the fundamentals to make, together, a better planet and region. The whole programs within the Faculty of Engineering aim at integral and transversal education where the design and construction of strategies are addressed to achieve these goals. All that, always, from a compromise with the communities for the students to acquire the best knowledge and practical skills levels. This task never ends and the faculty is developing new programs which are relevant and responsive to students' interests and demands for maximum employment opportunities. This work builds on and expands resources to ensure high-quality community-engaged teaching, research and service opportunities for students and faculty. This is our compromise, implemented by an individualized treatment of the students. My office is always open to meet us and talk. We work for you, your education and your future. Therefore, we look forward to making real progress toward fulfilling our mission and goals for a changing world.

Welcome aboard, to the Faculty of Engineering.

#### **4 IUEA Faculty of Law**

Our Bachelor of Laws Programme (LLB) is unique for offering course units that address today's challenges. In tune with the quickly evolving global landscape, this programme will equip students to solve real-world problems and consolidate existing solutions. By placing a strong emphasis on communication, business, and computer skills, our students will graduate with the profile that law firms and other employers look for in law graduates, in particular excellent writing and oral presentation, emotional intelligence, the capacity to work within deadlines, ability to work in teams and technological know-how.

##### **❖ Our Objectives The IUEA Faculty of Law :**

- Have a sound understanding of law and legal institutions, so as to enable them to serve the needs of Uganda, East Africa and the international community;
- Have high intellectual skills, particularly the ability to think analytically and critically, to solve legal and related problems, and to communicate effectively, both orally and in writing
- Understand the social, political and economic foundations and perspectives of law
- Appreciate the role of law in social development
- Have a firm foundation for a variety of careers in public institutions, industry, commerce and the legal profession.
- Have a firm foundation for further education, to extend their qualification to postgraduate status.
- Have the requisite qualification to pursue professional qualifications in law, particularly necessary for legal practice, as required by the Uganda Law Development Centre or other such professional institutions of law.

To thoroughly understand how laws and legal systems work, and to emerge as the best legal minds, law students must choose the best legal training.

At our Faculty of Law, we provide exactly that. From Intellectual Property Law to Computers and the Law, you will learn about the most important resource of modern times: technology. From Constitutional Law to International Law, your thought process will be cultivated to dissect critical legal issues of democracy, governance and politics at home and on the international scene. From Contract Law to Banking Law, you will understand the legal principles underlying major business transactions and how they are financed. From Human Rights Law to Environmental Law, you will see how our individual liberties are regulated and how the future of our precious planet can best be protected. And from Petroleum Law to Mining Law, you will be introduced to the legal dynamics of our region's most valuable discovery: Oil & Gas. The International University of East Africa understands that Law students undertake significant research and require dedicated study space. Accordingly, the Faculty of Law has a well-stocked library exclusively reserved for Law students. We also understand that Law students must nurture their debating and advocacy skills from an early stage. On that account, the University has provided a well-designed Moot Court for our Law students. Academics aside, we understand the value of extra-curricular activities as well as social and networking skills to the full development of a Law student. As such, we have launched a student-led Law Society with the mandate to foster cohesion within Law Students through social events and special activities. This Society was launched by the Hon. Chief Justice, Alfonse Owiny-Dollo. The jewel in the crown, however, is our impressive collection of remarkable legal practitioners and scholars who will groom your understanding of the Law in a delicate step-by-step process at every level of your four-year journey at our Faculty of Law. It will be my greatest pleasure to welcome you onto our virtual campus and, in the future, through our doors, as you take your first step into a distinguished future of legal practice and scholarship at the International University of East Africa. To learn more about the University and the Faculty of Law, visit our website at [www.iuea.ac.ug](http://www.iuea.ac.ug) or contact us through our social media platforms. Thank you. Greetings future lawyers, and welcome to the Faculty of Law at the International University of East Africa – a training ground for the best emerging legal minds. My name is Emmanuel Sebijjo Ssemmanda and I would like to tell you about our Bachelor of Laws programme. A lawyer – elsewhere called an attorney, barrister or solicitor – is a licensed professional who advises and represents clients in legal matters. Clients may range from individuals, companies and governments to parastatals, non-governmental organizations and international organizations. Equally, legal matters may range from business, land or family matters to constitutional, human rights or criminal matters

## **Admission Guidelines**

### **Meeting Deadlines**

Applicants must submit their completed applications at least two (2) weeks before the advertised start date of the intake to ensure placement on their programme and to prepare for their studies and submit any additional required documentation. Students applying late may be considered. Conditional admission may be offered to students who have not submitted the required documentation for one (1) semester providing that this is submitted before the end of the semester. All applicants coming from high-school shall be offered provisional admission pending the submission of their official UNEB or the equivalent results slips.

To apply, applicants must have passed an accredited Mature Age Entrance Examination with a pass mark of 50% through an approved Centre by the NCHE.

- Foreign Qualifications Guidelines IGCSE (Cambridge) ...
- General Certificate of Education (GCE) - A-Level (s) (Cambridge and other) ...
- International Baccalaureate Diploma.

### **Tuition and Fees Structure**

Our Fees can vary depending on the modules you choose. Please take time to familiarize yourself with the information below. Search through all of our courses to find what you're looking for. Our aim is for you to have an outstanding time at IUEA.

#### **FACULTY OF BUSINESS AND MANAGEMENT**

PROGRAMMES DURATION (YEAR)	FEES PER SEMESTER
----------------------------	-------------------

Fees are different between UGANDAN and INTERNATIONAL

Diploma in Public Administration	2	\$270	\$325
Diploma in Business Administration	2	\$270	\$325
Bachelor of Business Administration (Accounting, Finance, Marketing)	3	\$565	\$680
Bachelor of Public Administration	3	\$565	\$680
Bachelor of Human Resource Management	3	\$565	\$680
Bachelor of Procurement and logistics Management	3	\$565	\$680
Bachelor of Tourism and Hospitality Service Management	3	\$565	\$680
Masters of Business Administration (MBA)	2	\$600	\$600

#### **FACULTY OF SCIENCE AND TECHNOLOGY**

### PROGRAMMES DURATION      LEVEL    FEES

Certificate in English    2 Months/level

Beginner                  \$100

Elementary              \$100

Intermediate            \$100

### **NOTE: FUNCTIONAL FEES                  FEES**

Semester One    \$194

Semester Two    \$155

### **Equating and Validating Qualifications**

Equating is the process of determining the equal value of foreign qualifications against recognized Ugandan qualifications such as UCE and UACE and to determine entry points (performance). Validating is the process of ensuring that qualifications from other countries are recognized and have an equal value to their counterpart in the Ugandan educational framework. Combined, these important processes ensure that students being admitted into IUEA have had their foreign qualifications scrutinized and that an equal value to Ugandan qualifications, as the basis of entry, has been made. Equating should be authorized by the relevant equating body such as the Ugandan Examinations Board (UNEB) for the equating of pre-tertiary level qualifications or the Ugandan National Council of Higher Education (UNCHE) for the equating of post-secondary qualifications. For the purposes of advising students on their study options based on foreign qualifications, this guide presents only directions and should not be used as the basis of interpretation of foreign qualifications that may be subject to internal changes and/or political factors. Any ambiguities should be referred to the Academic Registrar as the supreme Officer of Admissions.
